# PRODUCT LINES

ESSCO offers a wide range of top of the line electrical motor control products.

## ABB

AC Drives & Motors  
DC Drives & Motors  
PLC's and HMI's  
Medium Voltage Drives & Motors  
Medium Voltage Starters  
Circuit Breakers, Disconnects, Starters, Pilot Devices, Soft Starters,  
Terminal Blocks, Transformers, Industrial Relays, Signal Converters  
Power Factor Correction Capacitors  
Arcing Fault Detection System

AC Motors, DC Motors

## TOSHIBA

AC Drives & Motors  
Medium Voltage Drives & Motors  
Medium Voltage Controllers & Solid State Starters  
Vacuum Contactors & Circuit Breakers

## BALDOR

AC Motors, DC Motors

### ATC Diversified

Phase Monitors, Signal Conditioners / Timers

### Beijer Electronics

Operator Interfaces, HMI

### Delta

AC Drives  
Servo Motors & Drives  
PLC & Operator Interfaces  
DC Power Supplies  
Ethernet Switches

### Finder

Relays, Signal Conditioners & Timers

### Hammond

Enclosures

### Hub City

Gear Reducers

### Lutze

Specialty VFD Cable  
Superior electrical values  
UL listed for flexible VFD and Servo cable  
Safe and efficient power transmission  
1000V or 2000V UL rated

### Nord

Gear Reducers

### NoShok

Pressure, Level, Temperature  
& Force Measurement Instruments

### Pepperl & Fuchs

Inductive, Capacitive &  
Optical Sensors  
Intrinsic Safety/ Purge Systems

### Pfannenberg

Thermal Management

### Saginaw Control & Engineering

Manufacturers stock and custom  
designed electrical enclosures and  
precision fabrication.

### Sola Hevi Duty

Transformers  
Uninterruptable Power Supplies  
DC Power Supplies

### Stober

Gear Reducers

### TECO/Westinghouse

AC Motors

### TCI

Line Reactors, Filters, Harmonic Mitigation

### Weg Electric

AC Motors  
AC/DC Controls

### Zero Max

Servo & Industrial Couplings

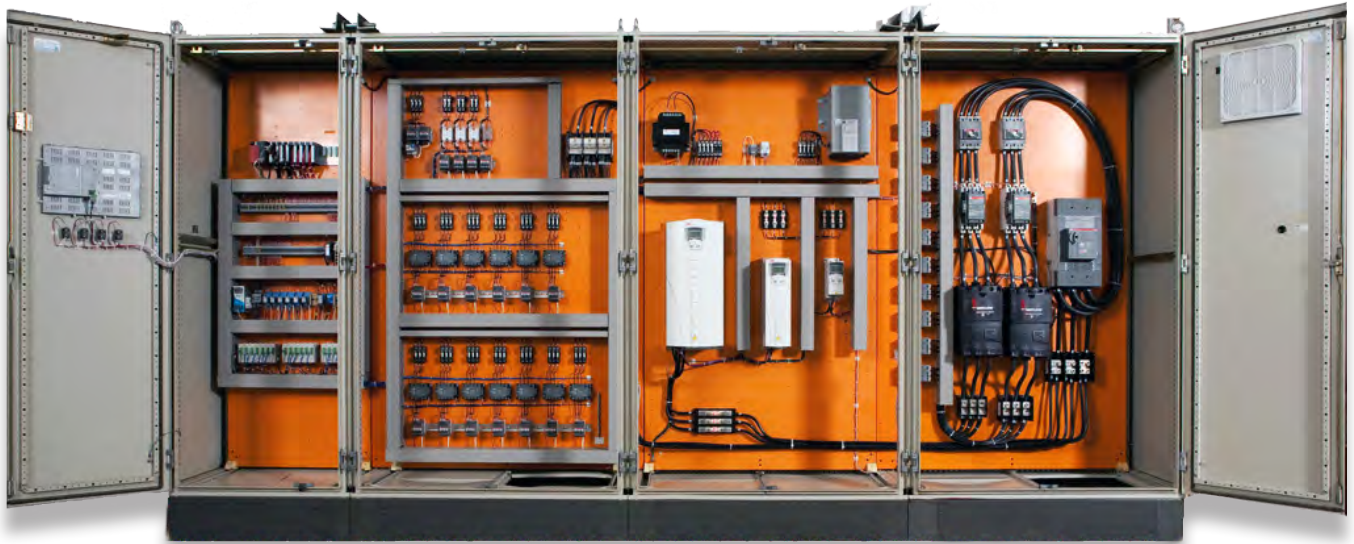

# CONTROL SYSTEM INTEGRATION

**Our control system integration provides the total package.**

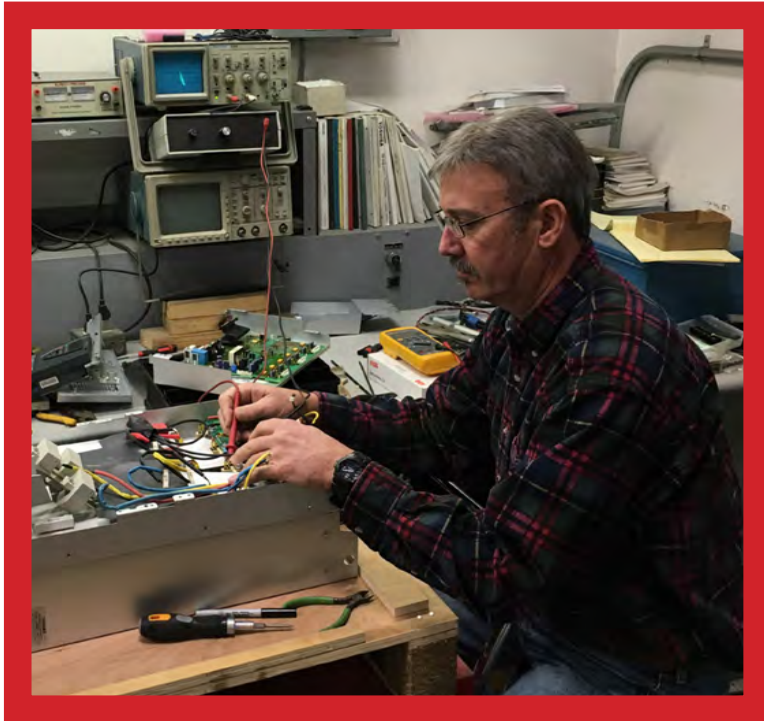

We offer an extensive selection of motion control systems, with an assortment of customizable configurations. We are a system Integrator offering a wide range of automation capabilities.

- Variable Speed Drive Systems
- PLC systems
- Servo Systems
- HMI systems
- PLC and PC programming
- Data Acquisition
- Auto CAD design and documentation
- UL508A & UL698A (Intrinsically Safe) listed panel shop
- Mechanical and Electrical installation
- Complete start up and commissioning of control system

ESSCO specializes in custom control panels built to the highest industry standards. Our professional staff of electrical engineers and technicians are dedicated to providing you with control systems that are easy to use, reliable, aesthetic, fully tested and designed to satisfy your specifications.

# ELECTRONICS REPAIR

**ABB**

**TOSHIBA**  
Leading Innovation >>>

**ESSCO offers factory authorized repair for electrical control circuits and drives.**

We are proud to offer electrical repair capabilities to support you with both repair center or field service troubleshooting for most electrical and power control circuits and components.

Our technicians are dedicated to providing you with fast, honest, and dependable repairs of variable speed drives, PLC's, and many other types of control circuit equipment.

We provide troubleshooting, analysis, repair or complete retrofit by our systems integration group.

*\*Factory Authorized start up for ABB VFDs, DC Drives and Toshiba VFDs ensures that your warranty is maintained and your equipment is operating according to best practices.*
